

Neary Summer Reading Program ...

Get caught up in reading this summer!

The summer reading program works very simply. For every two hours a student reads, he/she fills out a raffle card and has it signed by an adult. The students bring back all of their cards during the first week of school and each one is entered in a drawing for prizes.

Every kind of reading can be counted, including magazines, newspapers or even comic books. This is also a great opportunity to read some books from the summer reading list.

See what you can catch this summer while reading and help us fill our beach pail at Neary in the fall.

Additional raffle cards can be found on the Neary SOS page of www.southborough-sos.com
